

# Auto Repair Reference Center

An Online Resource for fixing thousands of automobiles

*Auto Repair Reference Center* provides repair information on approximately 34,000 domestic and imported vehicles starting as far back as 1945. In addition, there are millions of factory drawings and step-by-step photographs, over 110,000 technical service bulletins and recalls, wiring diagrams, and maintenance schedules. New repair procedures and updates are added regularly.

## Accessing Auto Repair Reference Center
