# BUDGET PRIORITIES

The Deschutes Public Library's (DPL) 2026/2027 fiscal year budget represents a continued investment in our efforts to help people learn, thrive, and connect to one another and the world.

**Central Library**

- **Upgrading and Building for the Future.** In November 2020, the voters of Deschutes County elected to invest in the library's future. The renovated La Pine and Sisters Libraries opened to the public in 2023/2024. The remodeled Sunriver and newly constructed Redmond Libraries opened to the public in 2024/2025. The new Central Library at Stevens Ranch in Bend is now open and the remodel of the Downtown Bend Library is underway! These libraries will showcase enriched collections and materials, numerous meeting rooms, interactive children's spaces, welcoming teen areas, and inviting reading zones for all.

**Budget Impact: \$30,650,000** General Obligation Bond Projects. (Bond Capital Fund, page 13)

- **Commitment to Service.** While our new and upgraded buildings are essential in allowing for public gathering, housing of materials and spaces to learn, connect and reflect, it is the personal connection that makes the library a true community resource. The 2026/2027 budget represents an investment in staffing to allow for full service at all libraries, including the new Central Library. In addition, this budget represents the additional staffing that will be needed to fully operate the Downtown Bend Library once it re-opens for business in summer of 2027.

**Budget Impact:** \$762,000 increase in salary costs with new Downtown Bend Library positions, staff cost-of-living increases and step increases. Associated benefit costs will also increase (Form LB-31 Personal Services, page 17).

**3D Printing in the Redmond Library MakerSpace**

- **Excellent Collections.** Reading opens us to new experiences and to understanding differences through a common experience. An excellent materials collection is essential to create opportunities for residents to explore all areas of knowledge and interest. Our collections offer more availability to on-demand, and popular materials as well as browsing in a variety of formats desired by our readers. This budget proposes significant increases to our library collections to improve access to digital resources and account for increased collection sizes with the addition of more shelving capacity as we open new buildings.

**Budget Impact:** \$436,000 increase collection development funding. (Technical Services, page 9)

## Overview: Budget Process

The Library District operates using governance and management systems based on outcomes. The District monitors and evaluates success by measuring the effectiveness of library programs in achieving Board outcomes or “Results Policies.”

The budget process follows five steps:

1. The District Board adopts Results Policies, that define the desired outcomes for end-users.
2. The Library Director is responsible for interpreting these Results Policies into an effective action plan.
3. The Library Director meets with staff to discuss Board priorities.
4. The Management Team works with the Director to develop budget proposals to support these implementation strategies.
5. The Board and Budget Committee review these proposals within the context of the Results Policies when adopting the budget.

### District Board

The primary duties of the District Board under the Governance by Policy Model is summarized as follows:

- ◆ Study community needs, establish the desired outcomes for the end users of the District, and assign a relative “worth” to each outcome. These outcomes are known as Results Policies.
- ◆ Prohibit unacceptable practices in policies known as Executive Limitations.
- ◆ Monitor the success of the District in achieving the Results Policies while complying with the Executive Limitations.

**Libraries Rock at the Central Library**

### Budget Committee

The primary duties of the Budget Committee within the budget process are summarized as follows:

- ◆ Receive and review the budget document.
- ◆ Hear the budget message.
- ◆ Hear and consider public comment.
- ◆ Request and receive additional information as needed.
- ◆ Discuss and revise the budget as needed.
- ◆ Approve the budget.
- ◆ Approve the property tax rate.

## Executive Limitations and Budget Principles

The budget was developed to comply with the following District Policies:

**POLICY TITLE: FINANCIAL PLANNING AND BUDGETING**

*Financial planning for any fiscal year or the remaining part of any fiscal year will not deviate materially from the Board's Results priorities, risk fiscal jeopardy, or fail to be derived from a multiyear plan.*

**POLICY TITLE: ASSET PROTECTION**

*The Library Director will not allow the assets to be unprotected, inadequately maintained, or unnecessarily risked.*

**POLICY TITLE: MANAGEMENT PRACTICES**

*The Library Director may not cause or allow management practices to occur which do not reflect contemporary management best practices and legal requirements, and may not cause or allow management practices to be applied inconsistently in a manner that is to the detriment of an employee(s).*

### Director's interpretation

- ♦ Assumptions materially affecting the budget will be explained within the budget narrative or at the budget meeting.
- ♦ Three-year projections are included in the budget document as an indicator of sustainable operations.
- ♦ Income projections within the budget are based on estimates provided by Deschutes County.
- ♦ Cash flow is managed in such a way as to ensure that cash is available to meet payroll and other routine expenditures for a period not less than 45 days.
- ♦ Major capital projects are tracked in the Reserve Fund.
- ♦ General Obligation Bond Projects are tracked in the Bond Capital Fund.
- ♦ Debt financing for the bond projects are tracked in the General Obligation Debt Service Fund.
- ♦ Staff development is funded at a level sufficient to support collaborative management practices and professionalism at all levels of the organization.
- ♦ Sufficient information is provided to evaluate the budget at the project level and within the context of Results Policies.

## Executive limitations and budget principles

Assumptions materially affecting the budget will be explained within the budget narrative or at the budget meeting.

The following assumptions have been made in this budget:

- ♦ Deschutes County Assessor projects that assessed valuation will increase by 5% in the 2026/2027 Fiscal Year. The budget assumes modest growth in Deschutes County and estimates a 5% increase in the 2027/2028 and a 5% increase in the 2028/2029 fiscal years.
- ♦ Staffing costs for 2026/2027 are projected to increase by 8.78%. Staffing costs are projected to increase up to 9.6% in 2027/2028 with the addition of Downtown Bend staffing. 2028/2029 Staffing costs are projected to increase by 6%.
- ♦ Employee benefits reflect a 13% increase in health insurance rates.
- ♦ The Public Employees Retirement System (PERS) rate for the 2026/2027 Fiscal Year has been set by PERS at 25.88% for Tier One and Tier Two employees, and 23.28% for Oregon Public Service Retirement Plan (OPSRP) employees. This rate is determined by a PERS actuarial study.

### Tax Projections

The following table projects a 5% increase in total assessed value for the 2026/2027 fiscal year. Deschutes County estimates Net Collection Rate by reviewing budget experience over the past several years.

<b>Deschutes Public Library Operating Levy Projection</b>	
January 2025 Assessed Value	\$34,715,357,735
Growth	5.00%
January 2026 Estimated Assessed Value	\$36,451,125,622
Rate	0.55
Gross Levy	\$20,048,119
Net Collection Rate	97.00%
<b>Estimated taxes to be received</b>	<b>\$19,446,676</b>

**Three-year projections are included in the Budget document as an indicator of sustainable operations.**

This three-year plan reflects a commitment by Management to maintain a sufficient ending cash balance to absorb short-term variations in tax income.

The Board recognizes that good fiscal management comprises the foundational support of the entire District. To make that support as effective as

possible, the Board intends to maintain a minimum fund balance of 17% (17% = \$4,093,176) of the District’s general fund annual operating expenditures.

The Adopted budget meets and exceeds this standard with a projected ending balance of \$16,243,670.

**Tax Rate:** No change in the library tax rate is proposed.

# Board Results Policies

Results Policies describe the effect that the Library District seeks to have on the world outside itself. Each Result consists of three parts:

- ♦ A description of the desired change, difference, benefit, or outcome.
- ♦ The identification, description, or characteristic of the consumer who benefits from the change.
- ♦ The monetary expense, relative worth, or relative priority of the benefit.
- ♦ The board reviews and prioritizes Results Policies annually.

## **Policy Type: Results Policies**

Deschutes Public Library enriches the community through equitable, open access to books, services, programs and resources that inspire all people to reach for their dreams.

1. People of all ages develop life-long curiosity and a desire for knowledge.
  - People obtain books and other materials when and where they want them and have access to the help they need to make choices.
  - People have access to programs, events and services.
  - People are supported in their reading journey.
  - People are supported in their technological access and proficiency.
2. People understand the services, programs and resources the library provides.
  - New residents understand the services, programs and resources the library provides.
3. People can connect and engage with one another in a nonintimidating and inclusive environment regardless of ability or language.
