YOUTH & FAMILY

Welcome!

Get ready for fun at every turn because Summer with the Library is back! Sign up for the free Summer with the Library program starting June 1, and open the door to a whole season of possibilities—as well as prizes. Take part by completing a reading and activity log, either online with Beanstack or by picking up a paper version at any Deschutes Public Library location. This fun annual program is open to all ages, from infants to adults. See page 8 of this guide for more information about **Summer with the Library**.

Using This Guide

We are happy to bring you a variety of in-person, online, and hybrid (online and in-person) events and programs. This Events guide gives you a broad overview of all that is happening at your library in June and July. You will find full descriptions and more information for all programs on our web calendar at **https://dpl.pub/events**. The web calendar is also your go-to place for any programs that require registration. When a program is offered in a hybrid style—both in-person and online—you will find it listed as both "ONLINE" and at the specific library location where it is happening simultaneously in person.

PEOPLE
MAKING YOUR LIBRARY WORK

STAFF
JORDAN VANBUSKIRK
Redmond Library

One of the friendly faces assisting customers at the Redmond Library is Jordan. Recently marking four years at DPL, Jordan shares in this rewarding work as a Public Services Specialist by helping the community find resources and items they want or need. "I love opening people's eyes to the fact that libraries have so many more free resources than just books! It is always fun to see someone really 'discover' their library, and being able to facilitate that is great," says Jordan. In addition to serving customers, Jordan credits libraries as an important cornerstone for the public: "They are a community connection to so many valuable free resources. Libraries are also passionate advocates and defenders of intellectual freedom, which is a universal right." Jordan's favorite library resource is Libby, for the free (and vast) audiobook selection. A favorite title that comes to mind is *The Brothers K* by David James Duncan. That shared love of the Pacific Northwest has Jordan eager to float the rivers this summer, where he works as a river guide on weekends.

STAFF
JENNIE GORDON
Technical Services

Have you ever wondered how the book you're reading gets onto the shelf? Cue Jennie in Technical Services, the behind-the-scenes department where books are ordered, received, processed, and sent out to the libraries. "There are so many things to love about my job, like helping create the Library of Things and Mobile Hotspot collections," says Jennie. A five-year veteran of DPL, Jennie notes that libraries play an important role within the community. "Libraries provide resources to improve the lives of the people around them. Regardless of what a customer needs to find or learn, we have a resource, book, or contact that can help." Speaking of help, Jennie loves the library's DIY & Self Improvement Resources (https://dpl.pub/DIY). "LinkedIn Learning is the resource I use most often and as with all library resources, it's free." Jennie loves adventure—in person and in her books. Having hiked from the rim of the Grand Canyon to the Colorado River and back up in 10 hours (or roughly the amount of time to listen to an audiobook), it's no surprise she enjoys reading anything by Jon Krakauer. Another recent favorite is Normal Ohler's *Blitzed*.

CUSTOMER PROFILE
Claire Nadine Osborn

Congratulations to Claire Nadine Osborn, the young artist whose work is featured on the cover of this Events guide. Her original watercolor painting, inspired through reading graphic novels, was selected from 40 entries in the library's inaugural cover design contest. Claire humbly shares credit with her older brother for encouraging an outer space theme, and with her mom for bringing her to the library all these years—especially to Story Time as a toddler. "My favorite section at the library is graphic novels," says Claire. "When I find new books, it feels like a special day. And when I discover a new book that's part of a series, I end up reading the entire series." A talented artist with aspirations of becoming an interior designer when she grows up, Claire says she uses the library even when painting. "When I'm drawing and painting at home, I like listening to audiobooks through Libby."

Thanks to all the wonderful artwork submissions from our community. View the entries online at https://dpl.pub/entries. The next deadline for cover art submissions is June 22 (for the August/September guide). Find contest rules and instructions online and at your local library.
